Kingston Fireman Rescues Boy from Track and Drops into Ditch.

LA. P. NIGHT WIRE TO THE TIMES. SIOUX CITY (Iowa) Oct. 9.—When Milo C. Dodge, a fireman on the Milwaukee Railroad, looked out of the cab window, between Jefferson and McCook today, he saw a child playing on the track. Realizing that the engine could not stop the train in time, Dodge jumped out on the running-board and made his way to the pilot. Just as the engine was rushing upon the child, Dodge reached out with his foot and kicked the little one to safety. The child was Gerald Allard, the 3-year-old son of a farmer. He landed in a ditch and the only souvenir of his escape from death was a few bruises.

At today's hearing. Not only did Hanna take the laurel wreath from "Bill" Flinn's brow, but Walter P. Brown, the Roosevelt boss of Ohio, established a new record for evasive testimony, out-doung Senator Dixon of Montana and even Col. Roosevelt himself. He answered no question as to whether or not he had received the expenditure of \$50,000 of Dan Hanna's prodigious \$177,000. It was Brown, by the way, who told the committee that aside from the obvious desire to oust the administration that had caused his indictment for rebelling, Hanna had said: "That he wanted to get the organization to where it was in his father's time."

TAKES SCORES  
STATE MACHINE.

Sends a Telegram to Committee Chairman.

Theft in California Is Warmly Denounced.

Declares Partisan Trickery Is Indefensible.

(BY A. P. NIGHT WIRE TO THE TIMES.)

SAN FRANCISCO, Oct. 9.—President Taft has taken cognizance of the political situation in California and his opinion is expressed in a telegram received today by Gustave Brenner, chairman of the Republican State Central Committee. After the State Supreme Court ruled that the Presidential electors selected by the Roosevelt wing of the party were entitled to be named on the ballot, Chairman Brenner sent to President Taft a telegram setting forth the conditions that confront the Taft wing of the party. In response President Taft sent a telegram as follows:

"Gustave Brenner, chairman Republican State Central Committee of California: "Your telegram received. I thank you for the kind words of the Republican State Central Committee. I am sure if the regular elections are to be denied the right of franchise through unjust action of the machine now in control of California politics, their indefensible conduct must ultimately react to their injury. "Whatever you do I shall be glad to support."

IDAHO CONVENTION INVALID.

Supreme Court Says Progressive Electors and Congressional Candidates Must Get Off the Ballot.

(BY A. P. NIGHT WIRE TO THE TIMES.)

LEWISTON (Idaho) Oct. 9.—The Supreme Court of Idaho in session here handed down a decision late last night holding that the Presidential electors and candidates for Congress must get off the ballot at the coming election. The decision holds, however, that nominees for State offices on the Progressive ticket are entitled to have their names appear on the ballot. According to the decision, written by Justice Allaire, the St. Anthony convention at which the electors and Congressional candidates were nominated was not a convention within the meaning of the statute or common usage. It was held that the call was not issued by any person having authority to call a convention, nor did the parties making the call represent any party or organization, but only individuals.

The action which brought forth the decision was instituted by Judge Safford of Boise, who sought to enjoin the electors from appearing on the ballot at the coming election.

The decision, however, that nominees for State offices on the Progressive ticket are entitled to have their names appear on the ballot.

electors nominated by the Progressive party will remain in the light. Voters will be asked to write in the names of candidates for electors and Congressmen. This Progressive nomination for State offices are not included from the official ballot by the order of the court.

LOVE IN ESPERANTO.

Member of Los Angeles Chamber of Commerce Arrives from Abroad with French Bride.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK BUREAU OF THE TIMES, Oct. 9.—(Exclusive Dispatch.) D. E. Parrish, an Esperantist and member of the Los Angeles Chamber of Commerce, which sent him to Europe in the spring of 1911 to advertise Southern California, arrived today on the Scandinavian-American steamer Tietjen from Europe with his bride, a young Dutch Esperantist. When he went abroad to boost Southern California, he spoke only English and Esperanto, but he carried a lot of lantern slides with him and kept in touch with local Esperantists wherever he went and with their aid he worked through all the principal towns and cities in Europe. Tomorrow the Southern New York Esperanto Federation will give a dinner and reception in honor of the couple at the Broadway Central Hotel.

SPEED WINS BRIDE.

Chicago Business Man Increases Auto Gait Every Time Companion Gives Him the Mitten.

(By Federal Wireline Line to the Times.)

CHICAGO BUREAU OF THE TIMES, Oct. 9.—(Special Dispatch.) Miss Mary and Evans, a Hyde Park society girl, and Fred C. Green, a young business man from the same section of Chicago, announced their engagement yesterday after returning from an automobile ride. Mr. Green is a very determined youth and the speed of his car was evidently not on his mind. Miss Mary might not have been engaged last night.

The auto was going at twenty miles an hour when the girl proposed. Answer was in the negative. At thirty miles an hour he proposed again and was refused. At forty, he tried once more and with the same result. At forty-five miles, Miss Evans consented to marry him if he would relate to her the story of his life.

"I would rather have a live husband than a dead sweetheart," was her explanation.

BLACK IS MUTE.

Accused Senator Makes No Reply to Committee's Demand for Resignation—Recalls Position Proposed.

(BY A. P. NIGHT WIRE TO THE TIMES.)

SAN JOSE (Cal.) Oct. 9.—Prof. R. L. Green of Stanford University, chairman of the Republican County Central Committee, announced tonight that he had received from Marshall Black, charged with a shortage of \$100,000 as secretary of the Palo Alto Mutual Building and Loan Association, to the committee's demand for his resignation. Senator, and none is expected, at least for several days.

In the meantime, the petition for his recall has been prepared and as soon as printed it will begin circulation. Should Black resign, it will be withdrawn.

A. A. E. Green, attorney, had a conference with George T. Klink, the expert accountant, in connection with the investigation of the association's books were formulated.

NURSE TERRIBLY BEATEN.

Tacoma Girl Runs Screaming Down Avenue and Sinks into Road-consciousness.

(BY A. P. NIGHT WIRE TO THE TIMES.)

PORTLAND (Or.) Oct. 9.—Dolly Glass, a professional nurse, who came here from Tacoma, Wash., Tuesday at St. Vincent's Hospital terribly beaten and in a semi-conscious condition. The girl was running bare-headed down Holladay avenue early today, screaming wildly, "Don't chloroform me," when she was intercepted by a policeman. As he stopped the young woman she collapsed. She was sent by him to police headquarters in a cab. Examination showed that her body was badly bruised and her neck black and blue from choking. She had a check book issued from the Bank of California of Tacoma, showing a deposit of \$100 and \$40, and a total deposit of \$140. Also in her pocket was found a pocket watch, "Mr. Leon Playfair, 595 First Street." In the space for correspondence was: "Dear Lyon, I would—"

JOURNALIST COMMANDS REBELS.

Federal Troops in Pursuit of Band Committing Depredations on Way to Laredo.

(BY A. P. NIGHT WIRE TO THE TIMES.)

MONTREY (Mex.) Oct. 9.—A band of ninety rebels is reported to be committing depredations at Lampazos, seventy-five miles southwest of Laredo, Tex. They belong to the force commanded by Miguel Alemán and are commanded by Joaquín Goya, who was formerly a newspaper man in Monterrey. They appeared yesterday at Candela, Coahuila, demanding food and arms from the citizens. Today they were reported to be moving toward Laredo, pursued by Federal troops from Lampazos.

Court Ruling.

MRS. EDDY'S TRUST IS DECLARED VOID.

(BY A. P. NIGHT WIRE TO THE TIMES.)

BOSTON, Oct. 9.—A trust, estimated at two million, created by the will of Mrs. Mary Baker Eddy, founder of the Christian Science church, for the benefit of the denomination, was declared void by the Massachusetts Supreme Court today. The court holds, however, that a charitable trust has been created and that new trustees may be appointed to administer it.

The trust was to have been administered by the directors of the mother church in Boston, but the court decided that the trustees' visions were nullified under the statute limiting the amount of the income from bequests to religious organizations to \$5000 annually.

LLOYD SEES ROSY VISIONS.

Missouri Man Bitten by Bug of Optimism.

Claims Hundred Democratic House Majority.

Nothing Specific—Just a General Forecast.

(BY DIRECT WIRE TO THE TIMES.)

KANSAS CITY (Mo.) Oct. 9.—(Exclusive Dispatch.) Democrats will control the lower House of Congress by a majority of 100, after the general election, according to estimates made by Congressman James T. Lloyd of Missouri, chairman of the Democratic National Congressional Committee, which has general supervision of the Congressional campaigns in every district in the United States. Mr. Lloyd was at the Hotel Baltimore today conferring with the Democratic Congressional nominee of Kansas, Col. William F. Rapp, national committeeman for Kansas, and Robert Galbraith, national committeeman for Oklahoma.

ROSY DREAMS.

Mr. Lloyd refused to discuss the Kansas situation, but was willing to make public the committee's estimate of the outcome of the Congressional contest. "We will have a majority of 100 in the House," he said. "The new House will have 493 members as against a present membership of 491. We will have about 547 of the number. Our present majority is sixty-six. I do not think it wise to give our estimates on the various States, but it may be said that our gains will be general and that most of it will be in the territory west of the Alleghenies although some of it will be in the Atlantic Coast States. If it were good politics I could give you some figures that would surprise the public, but it is better not to be too specific. In these forecasts we know what we are saying, however, when we place our majority in the House at 100."

This election is going to be full of surprises all the way around. The Taft men are going to surprise the Bull Moose men and the Bull Moose men believe they are strong and I am inclined to think the Roosevelt people will return the compliment in places where the Taft people are equally confident. At any rate it is a Democratic year."

David and Jonathan.

UNIVERSAL PEACE, BROTHERHOOD.

FRATERNAL COMPACT OF MASONRY IN ALL LANDS.

Momentous Outcome of Secret Deliberations of International Conference of Scottish Rite Supreme Councils in Session at Washington. In Foreword by Banquet Address.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON BUREAU OF THE TIMES, Oct. 9.—(Exclusive Dispatch.) Interest in the international conference of Scottish Rite Supreme Councils centers in the outcome of the deliberations being carried on in secret. There is an optimistic view of the result in consequence of the address urging universal peace through arbitration at the banquet last night.

High Masons who have closely followed the history of the Scottish Rite and especially of the conference at Brussels and the preliminary leading to the present conference predict that before the close of the latter a fraternal compact will be made which will be of inestimable value to the rite and its members in this and foreign countries. The result of the deliberations, therefore, are being looked forward to with deep interest.

When we got low in funds in October, 1904," said Mr. E. H. Rapp, "I asked Mr. Rapp if he could not go to No. 26 Broadway and get some money. He said 'no' that he had already secured his contribution from those people."

Mr. Scott said he was in Republican national headquarters in New York in October, 1904, when a telephone call came from "the White House" for Treasurer Rapp or Chairman Cortelyou. Neither was present. Scott said he talked on the wire.

Scott did not identify the speaker at the White House end of the wire, but referred to him as "the man in the White House" and "the response from the White House."

"What is this trouble I heard about Higgins?" Senator Scott said he heard over the wire.

"I hear Higgins was defeated," he said. "The State Committee supply the necessary funds," asked "the White House."

Mr. Scott said he told of the dissembler in getting money for the campaign and his response from "the White House" was:

"I would rather lose the election in the country than be defeated in my own State."

He added the voice at the White House said:

"Mr. Harriman is coming to see me and if we can't arrange to raise the funds to help Higgins."

Scott said the committee would "have to judge" with whom he had the vote.

"I thought I was talking with President Roosevelt," he said.

Scott said he suggested that Higgins go to No. 26 Broadway for more money. Billings replied President Roosevelt had notified him not to accept contributions.

"When all the trouble broke out about the life insurance companies and campaign contributions," said Higgins, "I went to the White House and suggested to President Roosevelt when Mr. Perkins was indicated, that we who had benefited by his contributions, supply funds to replace

"GET MORE," SAID T. R.

(Continued from Sixth Page.)

well kept the wires hot with the cry: "Get more."

Judge Robert Lovett, close associate of E. H. Harriman, established positively the existence of the so-called Harriman \$250,000 fund in the 1904 campaign for President Roosevelt's election. Judge Lovett said that he personally turned over the money to Cornelius T. Billings, manager of the National Republican Committee, at the instruction of Harriman.

Former Senator Scott of West Virginia, member of the National Committee in 1904, says that Billings had informed him of a \$100,000 contribution from "No. 26 Broadway," New York. This is the headquarters of the Standard Oil Company.

Charles P. Taft, the President's brother, said he had personally contributed \$100,000 to the campaign of 1904, when William H. Taft was the Republican candidate. In the pre-convention fight he gave a total of \$121,592.41.

Fred T. Dubois, manager of Standard Oil, pre-convention campaign for the Democratic Presidential candidate, also produced a statement of the receipts of \$50,468.50 to the Clark fund.

Charles D. Hillis, national Republican chairman, may testify tomorrow, if he can reach Washington. George B. Cortelyou, the 1904 chairman, is also expected by the committee within the next few days, and will be questioned concerning the 1904 contributions.

"GO AND GET MORE," SAID ROOSEVELT.

(BY A. P. DAY WIRE TO THE TIMES.)

WASHINGTON, Oct. 9.—More testimony about the so-called Harriman fund of 1904 and the alleged \$100,000 Standard Oil contribution was developed today before the Clapp committee. Former Senator Nathan B. Scott of West Virginia testified that he had informed Mr. Billings of collecting \$100,000 from the Standard and that when he suggested Billings ask the company for more, Bill told him, President Roosevelt had forbidden contributions from that source. Scott related the conversation he has on the telephone with "the White House" about the New York campaign of 1904 in which "the voice at the White House" told him "that Mr. Harriman told me the Standard Oil Company was to help him."

Judge Robert S. Lovett, chairman of the Executive Committee of the Harriman railroad, testified that the late E. H. Harriman told him of a visit to the White House and that President Roosevelt had said he would help the National Committee raise \$200,000 for the New York State Committee.

BROTHER'S GIFT.

Charles P. Taft, the President's brother, told the committee he contributed \$100,000 to the campaign in 1904 and that \$100,000 was returned. He also contributed \$40,000 to the Ohio campaign.

I thought my brother was fitted for the Presidency," said Mr. Taft, and I elected him to go to the White House without obligation to any great interests or corporations. On that basis I was prepared to go the limit."

Mr. Taft testified his contributions to the President's campaign for re-nomination totaled \$115,592, of which \$125,000 was given to the national Taft bureau. To the Ohio State campaign, \$64,000 was given and \$28,000 went for Presidential expenses.

HARRIS TESTIFIES.

Dan R. Hanna of Cleveland testified that he gave \$177,000 to Col. Roosevelt's pre-convention campaign this year. To the Roosevelt National Committee he gave \$50,000; to Walter B. Hays, secretary of the National Committee, \$100,000; and for State organization in Ohio, \$77,000.

Elmer Dover of Spokane, former secretary of the Republican Committee, has been directed to bring to Washington records of the campaign. He is in charge of the funds collected in 1904 or other years.

SCOTT ON THE STAND.

Former Senator M. E. Scott of West Virginia was the first witness today.

When we got low in funds in October, 1904," said Mr. E. H. Rapp, "I asked Mr. Rapp if he could not go to No. 26 Broadway and get some money. He said 'no' that he had already secured his contribution from those people."

Mr. Scott said he was in Republican national headquarters in New York in October, 1904, when a telephone call came from "the White House" for Treasurer Rapp or Chairman Cortelyou. Neither was present. Scott said he talked on the wire.

Scott did not identify the speaker at the White House end of the wire, but referred to him as "the man in the White House" and "the response from the White House."

"What is this trouble I heard about Higgins?" Senator Scott said he heard over the wire.

"I hear Higgins was defeated," he said. "The State Committee supply the necessary funds," asked "the White House."

Mr. Scott said he told of the dissembler in getting money for the campaign and his response from "the White House" was:

"I would rather lose the election in the country than be defeated in my own State."

He added the voice at the White House said:

"Mr. Harriman is coming to see me and if we can't arrange to raise the funds to help Higgins."

Scott said the committee would "have to judge" with whom he had the vote.

"I thought I was talking with President Roosevelt," he said.

Scott said he suggested that Higgins go to No. 26 Broadway for more money. Billings replied President Roosevelt had notified him not to accept contributions.

"When all the trouble broke out about the life insurance companies and campaign contributions," said Higgins, "I went to the White House and suggested to President Roosevelt when Mr. Perkins was indicated, that we who had benefited by his contributions, supply funds to replace

"CASCARETS" MAKE YOU FEEL GREAT

A 10 Cent Box Will Keep Your Liver, Stomach and Bowels Clean for Months.

Sick headache, biliousness, distension, coated tongue, foul taste and food, indigestion, constipation, torpid liver, delayed fermenting food in the bowels or sour, gassy stomach. Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested food fermenting food and gas, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. It is a sweet, pleasant, non-detracting from your drugless means your liver clear, stomach sweet and your bowels clean and regular for months—(Adv.)

(those he would have to return, and for the use of which he was in trouble. But the President said no, that if the money was to be returned, it should be returned by the party as a whole.)

Scott said he never had been informed of a return of \$100,000 to the Standard Oil Company.

Judge Robert S. Lovett, chairman of the Executive Committee of the Harriman system, testified:

"I knew of Mr. Harriman's visit to Washington in October, 1904," he said. "He told me the National Committee was 'in a hole' and owed the State Committee \$200,000. He said 'the President wanted me to help it out and I've got to do it.'"

"Some days later he came to my office and gave me some checks and cash. Mr. Billings came and got them. The sum was \$250,000. The checks were brokerage-house checks and were endorsed to Mr. Billings. I told him to send receipts to the contributors, if he knew them. Less than \$50,000 of the contributions was in currency."

Judge Lovett could not remember the names of any of the contributors, but after some urging, said he thought W. K. Harrison was one.

"Mr. Harriman thought of making a contribution in 1908, but as it would have to be made public, he would do more harm than good under conditions existing then," added Judge Lovett.

The witness knew nothing of contributions in the pre-convention campaign of 1908.

DOVER'S MEMORANDA PRIVATE.

Former Assistant Treasurer Upham Says List of Roosevelt Fund Contributors Are at Washington.

(By Federal Wireline Line to the Times.)

CHICAGO BUREAU OF THE TIMES, Oct. 9.—(Special Dispatch.) The list of names of contributors to the Roosevelt 1904 campaign fund, says an official of the Republican National Committee, are not in this city, according to Fred W. Upham, who was assistant treasurer four years ago.

"The records of the last Republican national campaign, contributions are stored in Chicago," said Upham, who will appear before the committee at Washington tomorrow.

### THURSDAY MORNING.

## Happenings on the Pacific Slope.

#### ALASKA SURVEY IS COMPLETED.

Government Engineers Run Line to the Arctic.

Many Hardships Encountered by Exploring Party.

Seattle, Oct. 9.—[Exclusive Dispatch.] The Alaska survey party, which has been exploring the Yukon River, has completed the marking of the Yukon River, and the party has returned to Seattle. The party, which was led by Mr. W. F. Reardon, one of the government engineers, had been in the field for several months. The party had encountered many hardships, including lack of food, lack of shelter, and lack of transportation. The party had also encountered many difficulties in the field, including the loss of a dog and the loss of a horse. The party had also encountered many difficulties in the field, including the loss of a dog and the loss of a horse. The party had also encountered many difficulties in the field, including the loss of a dog and the loss of a horse.

#### OREGONIAN SETS A PRECEDENT.

First to Eliminate Himself Out of Office.

State Land Agent Informs Gov. That He Will Resign.

Gov. West, who has been in office since 1905, has been informed by the state land agent, Mr. J. H. Rhinehart, that he will resign his office. Mr. Rhinehart has been in the office of the state land agent since 1905, and has been one of the most prominent figures in the state. Mr. Rhinehart has been one of the most prominent figures in the state, and has been one of the most prominent figures in the state. Mr. Rhinehart has been one of the most prominent figures in the state, and has been one of the most prominent figures in the state.

#### MOTHER FIGHTS FOR HER CHILD.

Thrilling Race Down Coast Ends in Court.

Snatches Her Young Son on Seattle Street.

Father-in-Law Charges Her With Kidnaping.

San Francisco, Oct. 9.—[Exclusive Dispatch.] A thrilling race down the coast, which ended in a court fight, has been the result of a mother's fight for her child. The mother, Mrs. Wren, had been in the field for several months, and had been one of the most prominent figures in the state. Mrs. Wren had been one of the most prominent figures in the state, and had been one of the most prominent figures in the state. Mrs. Wren had been one of the most prominent figures in the state, and had been one of the most prominent figures in the state.

### YOUR SOUR, GASSY, UPSET STOMACH WILL FEEL FINE IN FIVE MINUTES

## THE NET

by REX BEACH

THE NET is a thoroughly typical Rex Beach story, opening in the land of the Stilleans, and later sweeping across the Atlantic to picturesque New Orleans. Members of the notorious Mafia furnish the plot with all the necessary thrills, while the love interest runs through the story like a thread of gold.

You'll surely want to read this new book and you could not think of a more acceptable gift than this intensely interesting story.

Book department, rear aisle 2 and 3.

### Bracelet Watches

THE newest vogue, especially among women who motor. These Bracelet Watches are not only smart and ornamental, but exceedingly practical. We especially recommend the new "Tonneau" shape—but there are many other clever styles to select from. Metals are Gold, Platinum, Enamelled Gold, and Silver or Gold Filled—in Woven Wire, Leather Strap and Expansion Bracelet effects. The Watches themselves are guaranteed timekeepers, and can be depended upon. This applies to our entire assortment, regardless of price, because we never offer any Watch which we cannot recommend for accuracy and reliability. Bracelets, with Watch complete, are priced at \$25 and upward. We will take pleasure in showing them to you.

### SHOULD REDUCE RAIL RATES.

California State Canal Will Enable Pacific Coast Fruit Growers to Compete With Mediterranean.

WASHINGTON BUREAU OF THE TIMES, Oct. 9.—[Exclusive Dispatch.] O. Harold Powell of the California Fruit Growers' League is here on business for the league before the Interstate Commerce Commission.

Mr. Powell declared that the opening of the canal should result in reducing rail rates on California fruits to the Atlantic seaboard and ought to put California shippers on a freight equality with Mediterranean shippers, the latter now being able to send fruit by sea from Mediterranean points to New York at one-fourth the cost to California from the Pacific Coast to New York.

If the railroads do not reduce rates before the canal is open, said Mr. Powell, it will be possible to fit refrigerator ships for carrying perishable fruit from San Francisco to New York via the canal.

The absence of all narcotics makes Chamberlain's Cough Remedy the safest and best medicine for all coughs, colds and croup.—(Adv.)

"BARKER'S DRY GUN"—Demand it in your bar, rickety, Martini, etc.

## OPPOSITION TO NEW RATES.

Would Ruin Express Companies, Declares Counsel.

Commerce Commission Proposes Sweeping Reduction.

California Representative Speaks for Shippers.

(BY A. P. NIGHT WIRE TO THE TIMES.)

WASHINGTON, Oct. 9.—A net loss of \$23,490,000 a year in the revenue of the express companies and the railroads would result from putting into effect the express rates proposed by the Interstate Commerce Commission, according to figures submitted by the companies to the commission today.

This loss, it was estimated, would be divided between the express and the railroad companies. It was asserted by counsel for the express companies that the commission's rates practically would put their clients out of business.

Walter D. Hines, representing the Adams, American, Southern, United States and Wells, Fargo companies, said the proposed rates would cost the express companies 5.87 cents on every dollar received by them, "thus destroying all profit and producing an enormous deficit."

**DECIDED REDUCTION.**  
The deficit, he said, for the companies he represented, would total \$2,749,422 annually, measured by the present volume of business. According to Mr. Hines' figures, the proposed rates mean a reduction of not less than 11 cents in the total revenue per package on the express business in the United States.

Several representatives of shippers were heard, including T. J. Brown, of the California Commercial Association.

**BUYS A RUBENS.**

New York Man Secures a Historic Painting Executed by the Great Dutch Master.

(BY CABLE AND DIRECT WIRE TO THE TIMES.)

ANTWERP, Oct. 9.—[Exclusive Dispatch.] Van Slochem of New York has discovered and purchased a new fully authenticated Rubens "Holy Family" painting. The picture is considered by the most competent authorities to be a priceless work. A protest is on foot against its removal from the country. The owner will sell with the picture on the Mauritania for New York.

**Buddah Up-to-Date.**

OAKLAND (Cal.) Oct. 9.—[By A. P. Day Wire.] The California State Chinese Benevolent Association was organized here yesterday by well known Chinese as an auxiliary to the Alameda County Society for the Prevention of Cruelty to Animals. The plan adopted by the new organization is: "Do not harm any human being or living thing."

## PITH OF THE DAY'S NEWS FROM THE MIDDLE WEST.

(BY DIRECT WIRE TO THE TIMES.)

**CHICAGO BUREAU OF THE TIMES.** Oct. 9.—[Exclusive Dispatch.] Fog banks hung over the city practically all day, and rain threatened constantly but did not fall. The Cubs and Sox were enabled to play the first game of the series, but down in the city the fogs made artificial light necessary all afternoon. Lashings struck a telegraph pole in front of the Windermere hotel, creating a panic in the breakfast hall. The maximum temperature today was 78 deg. and the minimum 56 deg. Northwest wind, eleven miles an hour. Other temperatures:

**SALE OF GRAZING LAND.**

PROVO (Utah) Oct. 9.—The sale of 280,000 acres of grazing land in the old Utah Indian reservation was opened here yesterday by J. W. Weston of the Department of the Interior, and Don B. Colton of the United States Land Office at Vernal, Utah. No bid of less than 50 cents an acre will be accepted and not more than \$40 acre will be sold to any one purchaser. There were but few prospective buyers on hand yesterday.

**DEATH ON NARROW WAY.**

MILWAUKEE (Wis.) Oct. 9.—The coroner's jury that investigated the death of David Bruce Brown, the automobile driver who was killed when his machine went into the ditch prior to the Vanderbilt race last week, returned a verdict yesterday that the road on which the race was driven was too narrow for safety.

**MINE FIRE EXTINGUISHED.**

KEELLOGG (Idaho) Oct. 9.—The mine fire in the Kellogg tunnel of the Bunker Hill and Sullivan mine, which broke out again last night, was extinguished this morning. The body of F. A. Bens, the missing pumpman, has not been found.

## TO WED JAP PROTECTOR.

Philadelphia Mail to Become the Wife of an Oriental.

(BY DIRECT WIRE TO THE TIMES.)

PHILADELPHIA, Oct. 9.—[Exclusive Dispatch.] Eight years of devotion that found expression in following his beloved from Japan to Philadelphia and rescuing her from an attack of ruffians was rewarded yesterday when Miss Hilda B. Nelson of No. 1339 North Tenth street accepted her ardent suitor, Sannosuke Yanamoto, who lives at the Japanese Club on North Eighth street. A marriage license was secured in the afternoon. Back in 1904 Miss Nelson went on a Japanese tour. In Tokyo the visitor was shown through the high school. Yanamoto fell in love with Miss Nelson and followed her during her stay in Tokyo. He ran away from home and school to trail Miss Nelson's party through Japan. The Americans left Japan and Yanamoto stowed away on the steamer that brought the members of the party to San Francisco. He was turned back at the Golden Gate and deported, but he saved enough money in Japan to satisfy the immigration authorities here and again came to the United States. Then he began his courtship. A year ago two men attacked Miss Nelson and were routed by the doctory Jap. His persistent wooing had its effect and Miss Nelson consented to wed.

**WANTS A COMBINATION.**

President Vail of Western Union and American Cables Recommends Joint Use of Plants.

(BY A. P. NIGHT WIRE TO THE TIMES.)

NEW YORK, Oct. 9.—Theodore N. Vail, president of the Western Union Telegraph Company, in his annual report today advocated a combined use of the plants of the telegraph company and the American Telephone and Telegraph Company. Mr. Vail also is president of the latter company.

**TROUBLE FOR CALHOUN.**

One of San Francisco Man's Realty Companies Is Said to Owe Couple of Millions.

CLEVELAND, O., Oct. 9.—The David Ross company was placed in the hands of receivers yesterday. Petitioners alleged the realty company, which holds a wide tract in an exclusive residential section of Cleveland, owed \$12,000,000. Patrick Calhoun of Cleveland and San Francisco is president of the company.

## CUPID A LAW UNTO HIMSELF.

FEDERAL MARRIAGE REGULATION FUNDS DISSENTERS.

(By Federal (Wireless) Line to The Times.)

Congregational Minister Declares That Statutes Are Futile and Chicago Club Woman and Physician Insists That Love Is Best Guide to Wedding Bells and Altar.

(By Federal (Wireless) Line to The Times.)

**CHICAGO BUREAU OF THE TIMES.** Oct. 9.—[Special Dispatch.] Federal regulation of marriage, advocated by the Rock River conference of the Methodist Episcopal church, found two dissenters in Chicago today.

Laws were declared futile by Rev. Dr. Joseph A. Milburn, pastor of Plymouth Congregational Church.

"Any law that attempts to regulate marriage by the government was denounced as objectionable paternalism by Dr. Julia Holmes Smith, physician and clubwoman of prominence.

"I think that we should have a form of divorce laws," said Dr. Smith, "but I do not believe in paternalism in government, and that is what regulation of marriage would mean."

**LOVE POINTS THE WAY.**  
"Besides, we cannot treat men and women like animals. A marriage must be guided by love and the instincts of love, or it is not to the best interests of the State and will not produce valuable offspring."

"We have laws enough now," said Dr. Milburn, "besides, each case presents its own peculiar problems and calls for its particular prescription."

"Perhaps we had better trust to the upward tendency of the race and the tendency toward reality and truth."

"The world is producing better people today than ever before in the history of civilization."

**Nurse Dowd Says:**

**"Blessing for the Aged"**

During many years' experience she has always found this great medicine wonderfully efficient.

She writes: "I am a nurse and wish to tell you what Duffy's Pure Malt Whiskey has done for some of my older patients. The lady I am caring for at present is in her 86th year, and we owe it all to Duffy's Pure Malt Whiskey. When she was 87 years old she had a very hard spell of sickness, and but for this medicine she would have died. I nursed another lady, 94 years old, where the medicine did her so much good, she would not do without it. One old lady 96 years old said she attributed her good health to Duffy's Pure Malt Whiskey, and she is never without a bottle of it."

For my practice I prefer Duffy's Pure Malt Whiskey to any other and I want people to know what a blessing it is, especially to the aged.—Kate Dowd, Clinton, Conn.

**Duffy's Pure Malt Whiskey**

brings health and strength to every one along life's pathway. It aids digestion, stimulates the blood, invigorates the brain, builds nerve tissue, tones up the heart, fortifies the system against disease germs, makes the old feel young and prolongs life.

Get the genuine; sold by druggists, grocers and dealers. \$1.00 a large bottle. Medical booklet and doctor's advice free on request.

The Duffy Malt Whiskey Co., Rochester, N. Y.

When she was 87 years old she had a very hard spell of sickness, and but for this medicine she would have died. I nursed another lady, 94 years old, where the medicine did her so much good, she would not do without it. One old lady 96 years old said she attributed her good health to Duffy's Pure Malt Whiskey, and she is never without a bottle of it."

For my practice I prefer Duffy's Pure Malt Whiskey to any other and I want people to know what a blessing it is, especially to the aged.—Kate Dowd, Clinton, Conn.

**Duffy's Pure Malt Whiskey**

brings health and strength to every one along life's pathway. It aids digestion, stimulates the blood, invigorates the brain, builds nerve tissue, tones up the heart, fortifies the system against disease germs, makes the old feel young and prolongs life.

Get the genuine; sold by druggists, grocers and dealers. \$1.00 a large bottle. Medical booklet and doctor's advice free on request.

The Duffy Malt Whiskey Co., Rochester, N. Y.

# CAPITANIST LOSES WIFE.

## San Bernardino Court Ends An Odd Estrangement.

### Were Strangers Years-Under the Same Roof.

#### Thousands of Trout Placed in Mountain Streams.

SAN BERNARDINO, Oct. 9.—Miss Kate D. Murray was granted a decree of divorce today by Judge F. F. Owsen in her suit against James M. Murray, local capitalist. Murray had filed a cross complaint, but did not appear at the trial. The testimony showed that since the couple built a beautiful home at Seventh and G streets, they have been estranged, living in the same house for several years, but as much apart, as though the whole world separated them. The wife's ground for divorce was desertion. The couple had previously settled their property affairs, dividing property valued at \$100,000 between them.

The Murrays have resided here for many years. James Murray is known as the prospective friend. Never a desert at the residence of Murray in need of advice or coin, but he has lost Murray, and through years not one is known to have been turned away from the door. The wife, Kate, the daughter's name is known throughout the desert country of this State, Nevada and Arizona as a sincere benefactor of the stricken and impoverished.

One hundred and seventy thousand young trout were distributed among the various mountain streams of the county today by County Game Warden Val. The release of the trout from the State hatcheries at Slamon, and is the largest single delivery ever made. The trout were taken from the hatcheries to the points of release with no dispatch. They arrived in good shape, and not a mishap occurred in transportation. The trout were valued at \$60,000. The release of the trout was a success. There were sixty cans in all. Warden Val states that the streams are now stocked better than ever in the past.

THE PACIFIC NEWS SERVICE announces the plan to at once expend \$25,000 for additional improvements at Uritia Springs. The summer just past has demonstrated that Uritia Springs is one of the most popular resorts on the side of Venice and other Coast towns. The Pacific Electric last winter spent over \$100,000 improving the place and the improvements are now being planned are expected to make the resort even more attractive.

Fire-drawn vehicles, as well as motor-propelled cars, in this city must have lights exposed. The City Council has taken the matter up and the ordinance is being drafted. An iron-clad law is being drafted. Unlighted vehicles have caused no end of accidents at night, endangering automobile parties and pedestrians.

#### CITIZENS PROMISED RELIEF.

Inferior Gas Service at Santa Monica, Will Be Remedied According to Plans of Company.

SANTA MONICA, Oct. 8.—A. A. McPherson, an employee of the Southern California Edison Company, announced today that within two weeks, the Santa Monica, Venice and Redondo Beach Gas Companies would be supplied with natural gas from the northern fields. This is good news to the people of the Santa Monica Bay section, for the quality of the gas has been poor. The gas has been supplied lately. McPherson states that a large force of men is now busy extending the line from Los Angeles to Santa Monica. The gas will be supplied to a point about a mile east of Sawtelle. When it reaches the latter city the gas may be run through in Play del Rey and other sections.

#### NEWS BRIEFS.

Supervisors Fridham and Nellans and a number of citizens of this city went over the road through Topanga Canyon to Calabasas. As the result of the suggestion of the Chamber of Commerce officials and the local road boosters that the road would mean a great convenience to both Santa Monica and Los Angeles, autoists and ranchers, the Supervisors promised to commence work on the plans for the road within a few days.

The Pacific Electric Co., Knights of Pythias, of Santa Monica, chartered a special car for a trip to Redondo Beach, Santa Monica, Torrance and Neptune lodge in that city. Some of the prominent members of the Grand lodge and the uniform ranks were along.

Charles H. Bowers, aged 33 years, died at his temporary residence on Brooks avenue last night. He came to this city from Los Angeles, where his parents have resided for some years. His parents are Mr. and Mrs. John C. Bowers. He also leaves a Pacific Electric Co. brother, Samuel.

The Westgate Improvement Society met last night at the home of Raymond Wright.

The extension of the Sky-line boulevard now being built through that section, was indulged in. J. M. Hill, president of the Sky-line boulevard committee to see about the right of way along the foothills. A plan to light Westgate also received attention.

#### Park.

# HIREAFTER'S ELEMENT.

the street, and also cited the alleged fact that the street and Marine street had always been open. The Councilmen, however, refused to give one and the Councilmen are now investigating the circumstances.

The Councilmen are willing to give up what right he had to the end of Pier street. Frasier would require the Councilmen to give up the foot of Marine street, and he is planning to build across the foot of the street. Frasier also claims the entrance between the two thoroughfares. He states that if the opening plan is not carried out, the Councilmen, as it would be almost impossible for him to carry out his new plan and the Councilmen would have applied for a \$65,000 building permit for the ocean front Monday if the

## Pen Points: By the Staff

Has anybody here seen Uncle Joe?

After all, Col. Roosevelt does resemble Lincoln—Nehru.

Not a bit too early to do some more and some Christmas shopping.

Sporting Note: John Smith thrashed at Falls one day last week.

The latest music in the Balkan situation is the concert of the powers.

Queen Wilhelmina eats six meals a day. But what else is there for a queen to do?

What has become of the old-fashioned, plain, gold-band ring that engaged girls used to wear?

A twelve-pound lobster has been landed at Venice. But there are larger ones at Spring street.

Col. Roosevelt ought to make a trip over to France. They are looking for a President in the republic.

Why is it that a man will tell the keeper secrets that he will not communicate to his wife?

If the Vernon Tiger only had to play the Sacramento team Hogan might save time by inventing a permanent pole.

It is one of the paradoxes of the season that as the weather becomes cooler people become hotter and better.

"Is the sun cooling?" is the query of artists. Have they ever thought of Col. Roosevelt about it? He knows.

The silent vote may have a determining influence in the result of the Presidential election. And the silent vote is not a word.

For a man who never expects to be anything but a prospective Vice-President, Thomas Riley Marshall is doing a lot of talking.

The boarding-house keepers are doing their hands with joy. The California prize cup promises to break all records for sales.

King George wants to make a trip to the tropics. Well, his father, King Edward, God rest his soul, was quite high-fyer.

We suppose this thing of placing women on the electoral ticket in California means that the Electoral College is to become educational.

The Bull Moose hats have struck the Angelinos, but they are somewhat unpopular being kicked about so viciously and being thrown into the ring.

Just imagine what would become of the Roosevelt campaign if there were no types in existence? Like the late Mrs. T. there would be no such thing.

Not a bit too early to prepare for a new and sane celebration of election day. The people are looking for a clean sweep, and Col. Roosevelt says it is a cinch. Somebody is taking.

It is the proper thing that the California State Realty Federation should meet in Los Angeles where there is more doing the way of realty purchases and sales than any city west of Chicago.

It is reported that the \$300,000 million from the funds of the National Park, New York, was mislaid—probably by the newspaper man who was rummaging in his pocket for the price of a sandwich.

Charles R. Crane, the near divine money to have been just as easy with money as his mouth. But look at his pocket. He might have saved if he had not been called from his Chinese mission before he was started.

Ex-Senator William A. Proffer of Kansas is dead. His election to succeed the late Senator Ingersoll was one of the features of the campaign that were raised foolishly at the polls and were backed by the Democrats and Bull Moosers. He lived to enjoy that triumph.

THE CLOCK TOWER.

The day was spent in the streets. And twilight shadows gathered in the narrow canyon.

From Spring and First, through the canyon, formed by the tall, straight palms of Mexico.

I watched each spurt of incandescent light, leap from a thousand points of change, bulbs.

The Broadway caught the gleam—

the city

Was turned into a glittering fairyland.

Great signs in blue and orange, green and red.

That twinkled and blinked, revolved and appeared.

Dazzled the eye—a medley of flitting, Of feast and mirth, brave show and revelry.

Where Comus catered to the public's

ure.

And some and spirit whispered, "Turn back!"

This is a city hanging from a rainbow.

Built loosely on the shifting sands of time.

So turned I back; and as I turned I saw

High above Broadway, where ten

ago—

But two short years—was death and

lution.

A mighty structure all ablaze with

One steady picture of white crystal

No medley, no confusion of wild

But high above the city, like a

A tower of strength, picked out in

glory.

Changeless—unchangeable, and in the

ter

A clock, the symbol of eternity.

Twins like a lighthouse set upon a

And from that tower of strength

of

Of modern enterprise said, "Down to

This is the city of the men who

## GRAND OLD MATTY FIGHTS OFF FEROCIOUS RED SOX.

Pitches Great Victorious Game, Wins It and Then  
Watches It Crumble Away. Through Rank Errors.  
Giants Paralyze Three Boston Heavers, But Speak-  
er's Hits Save Them.

(BY A. P. NIGHT WIRE TO THE TIMES.)

BOSTON, Oct. 9.—The second contest of the world's series between the Boston American League and the New York Nationals today went eleven innings to a tie, 6 to 6, when darkness put an end to the battle that kept 20,000 spectators on the edge of keenest excitement throughout every inning.

The contest will be played over tomorrow at Fenway Park. With one victory registered for the Red Sox, Manager McGraw sent out his star twirler, Mathewson, to capture the second game for the Giants. Mathewson had been rested for about two weeks to win the first game here, but tonight the Red Sox still gloated over their one victory and no game lost, with the dreaded Mathewson worn out with a hard-pitched eleven-inning game.

This Speaker, the Red Sox middle-felder, furnished the dramatic climax in the contest, where fortune played

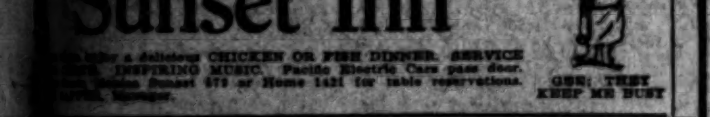

shot threw that Stahl also took with one hand called Fletcher at first base.

HOOPER'S GREAT DAY.

There was an unusual amount of base-stealing in the game for a world-series contest, five bags being pilfered. Of them, Hooper stole two and Stahl one for the Red Sox, while Snodgrass and Herzog each bested Carigan's throws.

Hooper, for the Red Sox, had a field day. He knocked out three hits, stole two bases, scored once and gathered in three runs in the outfield. Murray and Herzog were the heavy hitters for the Giants. Murray duplicated his talling work of yesterday with the stick by hammering out a single, a double and a triple. Herzog also garnered a single, a two-bagger and a three-bagger hit and won a sacrifice fly opportunity. Mathewson's control was perfect. He did

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

## WORK TO BEGIN IMMEDIATELY.

Riverside to San Bernardino Line Is a Certainty.

Right of Way Difficulties Have Been Overcome.

Mayor Peters Issues Spirited Reply to Club.

RIVERSIDE, Oct. 9.—(Chief Engineer of the Pacific Electric Railway Co.) The statement that work on the Riverside-San Bernardino trolley line will be within thirty days, and that the right of way difficulties have been overcome, is a certainty. The right of way difficulties have all been cleared up, according to Mr. Pillsbury, and the company may now begin the work of construction.

In the intention of the company to build the Riverside and San Bernardino trolley line, a large amount of passenger business is assured. Work will be commenced next month on this piece of road, which is in operation at the present time out of this city as far as Redlands.

The Crescent City Railway Company has just secured a franchise for the line to Redlands, assuring the completion and operation of the line from Redlands to Los Angeles, and that cars will be running by next month.

## MAJOR PETERS REPLIES TO CLUB.

Mayor Peters has prepared an open letter in answer to one issued by the members of the Victoria Club, and in which they sought to have themselves exempted from the charge of liquor ordinance was known to be in violation of the law. He said that he was in a thorough review of the case in which the Victoria Club was sued under arrest and charged with liquor ordinance, that members of the club were aware of the fact that the ordinance was in violation of the law.

With regard to the criticisms made by the Victoria Club, the Mayor said that he was not of good character, that he was not aware of the fact that the ordinance was in violation of the law, and that he was not aware of the fact that the ordinance was in violation of the law.

## SAMUEL'S FINE.

The result of the revelations following the arrest of William Nunn, who was charged with liquor ordinance, was a fine of \$100. Nunn was charged with liquor ordinance, and was fined \$100.

## BOY'S PRACTICE.

A boy named John, who was charged with liquor ordinance, was fined \$100. He was charged with liquor ordinance, and was fined \$100.

## DRUNKEN BRAWL.

A drunken brawl broke out in a saloon in Los Angeles, and resulted in the arrest of several persons. The brawl was the result of a dispute over a game of cards.

## TRIAL OF FIGHTING.

A trial of fighting took place in Los Angeles, and resulted in the conviction of several persons. The trial was held in the Municipal Court.

## ESPEE MAKES PROPOSITION.

Asks Two and Half Millions for Its Interest.

Imperial Valley Farmers Want a Perfect Title.

Supervisors Vote Disapproval of a County Charter.

EL CENTRO, Oct. 9.—(Exclusive Dispatch.) That the city of Riverside will be required to vote bonds to the amount of about \$1,000,000 to acquire and develop an adequate municipal water system, is set forth in the report of engineers filed with the City Council yesterday. The document makes a bound volume of approximately 300 pages and represents more than two months' work on the part of Clinton S. Burns, member of the American Society of Civil Engineers and one of the firm of Burns and McDonnell of Kansas City, Mo.

The report is the most important perhaps so far as its bearing on the city's future development is concerned, that has ever been presented in the history of the city and the information it contains would be invaluable even though a bond issue should not materialize. Its compilation and the results that seem likely to follow from its preparation bid fair to constitute a monument to his sagacity, the acumen and the energy of the engineers.

## AVIATOR RETURNS.

Glenn L. Martin, the aviator, and his mother returned today from Chicago, and during the winter Martin will be busy building aeroplanes and hydro-aeroplanes and in conducting a class in aviation. He has eight pupils enrolled to begin taking flying lessons on November 15. Martin's mother was with him at the Boston and Chicago aviation meets, and unfortunately was a witness to the death of Miss Quimby and the aviation manager at Boston and the death of Howard at Chicago. In spite of these terrible accidents, Mrs. Martin maintains supreme confidence in her son's ability to take excellent, lasting good care of himself in the air. She knows that her son is careful and takes no chances. It was Martin's caution only that prevented him from entering the Gordon Bennett race at Chicago. He would not fly a machine in which he did not feel absolutely safe, and he considered the machine he entered him by the Illinois Club as unsafe.

## NEWS BRIEFS.

After over a year's absence, Pilar Bernal has returned to this section. He was one of the principal witnesses against Eusebio Cabello, charged with the killing of two Mexicans at Los Alamitos. When the trial commenced Bernal could not be found. Officers believed he was scared away. Yesterday he was arrested at Northridge by Deputy Sheriff Law, and is in jail here awaiting action by Judge West, who issued a bench warrant for Bernal.

## SANTA ANA VALLEY WALNUT GROWERS' ASSOCIATION.

The Santa Ana Valley Walnut Growers' Association yesterday shipped a carload of new walnuts. The carload was the first carload of walnuts shipped from Southern California this season. The nuts here are of good quality and the crop a little light.

## SAN LUIS OBISPO.

SAN LUIS OBISPO, Oct. 9.—A. P. Bernardes, business man of this city, died Tuesday night, following an operation for appendicitis.

## COLTON.

COLTON, Oct. 9.—A fire at the rear of the Colton Hardware Company's handsome block on Eighth street, last night, was discovered by H. C. Torrey, who turned in the fire alarm and probably saved the business section of Colton. This fire was the fourth in this one block within the past six weeks, and offers are believed to be of incendiary origin as all fires have been confined to the properties of the hardware company. Last night the fire was in a wagon shed, where charcoal was stored, several sacks of which were burned. No damage was done to the building. Within a few minutes the fire was under control, and the cause of the fire was all these fires have occurred, are two tanks of oil above ground and considerable oil stored underground, making the place dangerous by this vicinity, especially as this block is in the business section.

## DECLARED GUILTY.

SANTA ANA, Oct. 9.—(Exclusive Dispatch.) At 8 o'clock tonight the jury that tried R. C. MacDonald, former principal of the school of a charge of wronging a pupil, Helen Hamilton, aged 14, brought in a verdict of guilty. Sentence will be passed by Judge West on Friday afternoon at 2 o'clock.

## ESPEE MAKES PROPOSITION.

Asks Two and Half Millions for Its Interest.

Imperial Valley Farmers Want a Perfect Title.

Supervisors Vote Disapproval of a County Charter.

EL CENTRO, Oct. 9.—(Exclusive Dispatch.) The most important of the Imperial Irrigation District was held yesterday to consider an offer of the sale of the Southern Pacific interest in the irrigation system of the valley.

For more than nine months the irrigation district through its secretary, George L. Melton, has been negotiating with the Southern Pacific for the acquisition of the water system of the valley, which is held by Recolter, Holsbr, representing the largest creditor of the defunct California Development Company.

In addition to the Southern Pacific Company there are other creditors, including Boas Duncan, who holds some \$200,000 worth of bonds of the original company, and the Liverpool Salt Company, which has a judgement of \$500,000 against the California Development Company for the destruction of their salt works at Salton, which occurred when the Colorado was flowing into Imperial Valley through the celebrated break which was finally closed by the Southern Pacific at the request of former-President Roosevelt, the cost of which the Southern Pacific has never been able to recover.

Two years ago the people of Imperial Valley decided to form an irrigation district and take the control of the water out of the hands of the Southern Pacific and since that time the property owners of the valley have anxiously awaited the time when they would be able to call the water system their own.

Secretary George L. Melton of the district, has been working for months on a plan whereby this might be accomplished and has been successful to the extent of securing a vote from President Spruells of the Southern Pacific which was presented today. The offer reads as follows:

The Southern Pacific to be reimbursed for all advances made to the California Development Company and for the purchase price of reconverts to the extent of securing a vote from President Spruells of the Southern Pacific which was presented today. The offer reads as follows:

The rate of taxation of the present bonded indebtedness is only 11 cents on the hundred dollars of assessed valuation, while those of other districts run from 14 cents to 41 cents. The Fullerton High School district is the richest in Orange county and it is claimed its rate of taxation for and maintenance is very low. A number of women will serve on the election board throughout the district.

## FULLERTON TO VOTE ON BONDS.

School Trustees Call an Election to Raise Funds for New High School.

FULLERTON, Oct. 9.—The trustees of the Fullerton Union High School district issued a call Tuesday for an election to vote \$50,000 additional for the completion of the group of high school buildings and for the completion of the plant and grounds. The election will be held November 4, the day before the regular election. The board says this amount of money is absolutely necessary for the completion of the work now under way. It is said the plant and building will be worth \$250,000.

The rate of taxation of the present bonded indebtedness is only 11 cents on the hundred dollars of assessed valuation, while those of other districts run from 14 cents to 41 cents. The Fullerton High School district is the richest in Orange county and it is claimed its rate of taxation for and maintenance is very low. A number of women will serve on the election board throughout the district.

## NEWS BRIEFS.

Ellen Beach Yaw will give an entertainment under the auspices of the Round Table at Pico on tonight.

At the meeting of the City Trustees Tuesday night a protest was offered, through attorneys, against the closing of the poolrooms of this city on the grounds that such ordinance have been held unconstitutional by a number of superior judges in this state. At the request of the City Attorney the matter was taken under advisement. The board recently passed an ordinance closing the moving-picture shows.

## RIVERSIDE NEEDS A MILLION FOR WATER.

[BY DIRECT WIRE TO THE TIMES.]

RIVERSIDE, Oct. 9.—(Exclusive Dispatch.) That the city of Riverside will be required to vote bonds to the amount of about \$1,000,000 to acquire and develop an adequate municipal water system, is set forth in the report of engineers filed with the City Council yesterday. The document makes a bound volume of approximately 300 pages and represents more than two months' work on the part of Clinton S. Burns, member of the American Society of Civil Engineers and one of the firm of Burns and McDonnell of Kansas City, Mo.

The report is the most important perhaps so far as its bearing on the city's future development is concerned, that has ever been presented in the history of the city and the information it contains would be invaluable even though a bond issue should not materialize. Its compilation and the results that seem likely to follow from its preparation bid fair to constitute a monument to his sagacity, the acumen and the energy of the engineers.

## PLUNGE BEFORE A CAR.

Driver of Automobile Tossed Thirty Feet When His Machine Is Struck and Death Soon Results.

A plunge in an automobile down a steep highway grade, directly into the path of an interurban car, brought death Tuesday to G. C. Stephenson, 60 years old, who lived at Athens-on-the-Hill. When the surface car struck the machine Stephenson was tossed thirty feet up the embankment. He died a few minutes after being taken to the Crocker-street Hospital. It is supposed he became so startled at the danger of impending collision that he lost control of the auto. The interurban car was in full view of the auto, according to witnesses.

For several months Stephenson had been an enthusiastic motorist, driving a machine belonging to his son-in-law, Herbert H. Water. Painter is superintendent of the department of the Pacific Light and Power Company's Los Angeles plant. He said his car was struck by a motorist, and he was thrown from the machine. The accident occurred in the morning.

## OPPOSED TO CHARTER.

The Board of Supervisors of Imperial county today acted unfavorably upon the proposition to place Imperial county under a county charter government, which was proposed by the Imperial Valley Farmers' Union. The board, who are opposed to the bill, is greatly disappointed.

## Free to the Sick

If you want to know all about your trouble—what it is, if and how it can be cured, what it will cost—DR. A. J. and G. W. STOKES offer a FREE medical examination, and free advice to all who apply THIS WEEK.

EVERY sick person is vitally interested in knowing the exact nature of their disease, and the probabilities of a permanent cure. It is presumed that if you are sick you are taking medical treatment. Does your doctor tell you exactly what your trouble is, or does he evade your question? Does he know how to treat your trouble and give you relief? Or does he experiment with first one thing and then another? Are you getting results from his treatment or do you stand the same of get worse? Answer these questions for yourself—look at the matter in a strictly business light. You are paying for a cure; but what are you getting for the money? Be sure. Make No Mistake.

DOCTORS: Share & Share Alike. Expert. Specialists. Rooms 211 to 214. Home Building. Cor. 1st and Spring. Los Angeles. Take Streetcar to 1st St. and Spring. Take Elevator to 21st Floor. Dr. A. ## THINGS YOU WANT TO KNOW ABOUT IMPERIAL VALLEY

LAND: 275,000 acres under cultivation; \$11,000 irrigable; soil extremely fertile; prices range from \$10.00 per acre for rough land to \$200.00 for the best improved land.

POPULATION: In 1905 a few hundred; 1912, 25,000; 40 school districts; numerous churches; county public library system.

CLIMATE: 8 months cool and pleasant; 4 months hot. No heat prostrations. Earliest and longest growing season in the world.

COMMUNICATIONS: Excellent railroad connections with Los Angeles and the East. Another railroad will soon be completed, linking the Valley with San Diego and the East. Good roads, telegraph and telephone service.

PRODUCTS: Alfalfa—4 to 8 crops per year. Barley—3 to 5 crops per year. Wheat—2 to 3 crops per year. Sugar Beets—very productive, high saccharine test; Sweet Potatoes—phenomenal yields; Canebrakes—2000 cars per acre last season; Cotton—yields 1 to 2 bales per acre, value \$50 to \$70 per bale. Government ex-

perimenting with Egyptian varieties, which are more profitable. Asparagus—Large yields, reaches the early market; Grapes—Early table varieties promise to be profitable; Apricots—especially well suited; Dates—This is one of the few localities in the United States where dates can be grown; Olives—Produce heavily, fruit of fine quality; Dairying and Stock Raising among the most profitable industries.

WATER SUPPLY: Water for irrigation purposes obtained from the Colorado River. Supply is ample. Cost moderate.

## Business: Markets, Finance and Trade.

**THEIR SLOGAN.**

State Realty Men Coming, a  
Thousand Strong.

Annual Convention to Open  
Here This Afternoon.

Matters of Large Importance  
to Be Considered.

The eighth annual convention of the California State Realty Federation will open in this city this afternoon with fully 1000 members in attendance, more than half of whom will be visiting delegates. In the opinion of the local realty men who are in charge of the arrangements it will be the biggest and most important gathering of real estate men ever held in the State.

The convention will be somewhat wider in scope than the ordinary State meeting because Thomas R. Ingersoll of Minneapolis will be present as the official representative of the National Association of Real Estate Exchanges, of which he is secretary. Ingersoll will arrive this morning and will probably address the convention some time tomorrow.

The San Francisco delegation, which will be a big one, will arrive this morning by special train. The delegations from San Diego and Modesto will include full representations of the local realty men.

Registration headquarters have already been opened in the Los Angeles Realty Board rooms in the Realty Board building.

An executive session of the board of directors of the State organization will be held at 10:30 o'clock this morning. The local committees will entertain the directors, officers of affiliated realty boards and exchange and visitors from unaffiliated organizations at luncheon at the Jonathan Club. This afternoon the visiting bodies will be the guests of the local ladies' auxiliary committee.

The convention will be held in order at 1:30 o'clock this afternoon by President Mahy McMahon of San Francisco. Following addresses of welcome by the Mayor and President Charles G. Andrews of the local realty board, reports of officers and committees will be brief. Addressed by E. W. Wood of this city and Fred Cowell of Modesto.

**COUNTY HOME RULE.**  
An interesting and important feature of today's session will be a debate on county home rule in taxation with special reference to the taxation legislation proposed through amendment to the State Constitution to be voted on November 5. Fifteen minutes will be allowed for the presentation of the subject and fifteen minutes for arguments on the negative side. The debate will be moderated by three speakers. Richmond C. Plant of this city, secretary of the California League for Home Rule in Taxation, will lead the affirmative side of the debate. One of the leading speakers against the proposition will be Fred Carl C. Fiehn of the University of California.

The debate will be followed by a general discussion from the floor following which the convention will take a vote on the question.

The proceedings today will be closed with addresses by O. E. Miller of Sacramento and R. B. Armstrong of this city. Armstrong's talk will be for the benefit of salesmen.

The regular business of the convention will probably be concluded by tomorrow night with the election of a board of directors and the selection of the next convention city. The following will deliver addresses: "Real Estate Method," Charles Stuart, Los Angeles; "Care and Protection of Immigrants," Robert Newton Lynch, San Francisco; "Publicity Plans to Keep the State Federation Before the Investor," James G. Stanford, secretary of the State Federation; "Torrens System of Land Title Registration," Gen. Frank C. Prescott; "Revision of the Torrens Act," Walter H. Robinson, San Francisco; "Plan for a Bureau of Realty Information," Walter G. Reese, Bakersfield.

The board of directors will meet at the Alexandria Saturday morning to elect officers and perfect the organization. Policies for the new year will be considered and the work of the Federation in detail outlined.

A baseball game for the real estate championship of the State will be played at 10 o'clock Saturday by teams from the Oakland and Los Angeles realty associations. At 1:30 automobiles will start from Alexandria on a sight-seeing trip through the business and principal residential sections of the city and many suburban subdivisions. The chief social event of the convention will be a banquet at the Alexandria.

**FOR AILING BROTHERS.**  
The order in Los Angeles. It was decided to proceed as rapidly as possible in maturing the already initiated plans for this institution. Concluding routine matters of business, the election of officers for the ensuing year took place.

The men who were named for the High Court positions are: Past Chief High Court Ranger, J. H. Bean; Dr. C. B. Dickinson, Vice Chief Ranger; S. O. Krossman, Vice-Chief Ranger; S. O. Dunkerley, Secretary; Murray Gould, Treasurer; C. S. Dickinson, Physician and Surgeon; Judge J. B. Hanna of Colton, Counsel; E. L. Hitchcock and E. E. Henderson, auditors.

The high court officers of Northern California who attended the convention are: J. P. Murphy, Chief Ranger; Edward Cameron, Secretary; Dr. Stevens, Physician; David Davis, Deputy Supreme Chief Ranger; E. Baird, president of the Purple Cross Relief Committee. Since the last session of the order in Southern California, more than 1000 new members have been initiated according to reports of one of the committees.

**DOCTORS LAUD CLIMATE.**

Advantage of Living in Southern California Emphasized at Homeopathic Medical Society Convention.

The Southern California Homeopathic Medical Society opened its twenty-second annual convention at the Angelus Hotel yesterday. Both sessions yesterday, following the election of officers, were devoted to the reading of papers by members, each being followed by discussion in which the speakers were limited to three minutes each.

The following officers were elected: Dr. T. C. Low, Los Angeles, president; Dr. C. S. Orr, Ontario, first vice-president; Dr. William Howe-Watts, Santa Ana, second vice-president; Dr. Robert A. Campbell, Los Angeles, secretary and treasurer; Dr. F. B. Kellogg, Los Angeles, Dr. W. H. Stiles, San Bernardino, Dr. R. L. Shepherd, Los Angeles, Dr. S. S. Salisbury, Los Angeles, Dr. H. M. Bishop, Los Angeles, board of censors; Dr. P. F. Bonner, Los Angeles, Dr. John S. Hunt, Santa Monica, Dr. W. J. Hawkes, Los Angeles, board of directors.

The address of Dr. F. B. Bishop of Alhambra, the retiring president, dealt largely with the effect on the atmosphere of the increased irrigation and the formation of Salton Sea. He said that the humidity appears to be somewhat increased, but that climatic conditions here are far superior, from a physician's point of view, to the drier climates of the East. He said that the increasing amount of smoke in the air and about Los Angeles, due to the increasing number and size of manufacturing industries, is a danger to health.

Dr. Guy E. Manning of San Francisco, member of the Board of Health of that city, gave an interesting talk on sanitation and the most effective methods to be used in epidemics. Papers were read as follows: Dr. W. J. Hawkes, Dr. E. N. Shepherd, Dr. William Howe-Watts, materia medica; Dr. C. S. Manning, Dr. M. Len Hutcheson, obstetrics; Dr. H. L. Shepherd, Dr. Charles S. Orr, anatomy, pathology and sanitation; Dr. Walter Albert, Dr. Hawkes, Dr. Low, pediatrics; Dr. F. J. Newberry, Dr. Edward R. Kellogg, surgery and gynecology.

The convention will continue through today. Papers will be read on clinical medicine, mental and nervous diseases, surgery and gynecology.

**HE GETS NO COMMISSION.**  
Employer Allowed Nothing for Plans Drawn After Draughtman Had Left His Company.

An interesting question of contract obligation was brought before Justice Young, Tuesday, when Architect A. L. Haley sued Mrs. B. B. Morris, owner of the Florence Apartments, for \$180, alleged to be due as commission for plans for an addition to an apartment-house.

The testimony showed Haley had been employed by the company for a period of eight months, and that Mrs. Morris had done business with A. L. Haley's head draughtsman, who is vice-president of the company. Haley maintained that he is entitled to a commission, because some of the work was done in his office, even though the plans were drawn after he had left.

Rief recently obtained judgment by default, but Attorney McDowell filed an injunction to set this judgment aside. He asserts he was not notified at the time of the first hearing.

**WITH FREEDOM.**  
**WITH FREEDOM.**  
THE MAN WHO "BOLLERS" HAS SOME BIG JOB.

Convention of Los Angeles Association Hears Interesting Talks on Problems of Pastors and Other Subjects—Will Adjourn at Noon Today.

The Orchard-Avenue Baptist Church was well filled yesterday at the opening of the convention of the Los Angeles Baptist Association. There are delegates from the ministers and delegates from the forty-five churches in the association, and the gathering was characterized by a close feeling of fellowship during the intermission between the sessions.

Following the preliminary business and the reading of the letter from the entertaining church, a whole-sale welcome to the delegates, Rev. F. W. Harper, moderator, made a hearty response. The annual sermon was then delivered by Dr. C. M. Carter, pastor of the First Baptist Church of this city.

During the afternoon there were a number of interesting addresses, reports of committees and the introduction of new pastors to the association.

**PASTOR'S PROBLEMS.**  
Rev. A. H. Bailey, in an address on "Conditions and Problems in Our Churches," said among other things: "It is no unusual thing for a pastor to wake up and find that the greatest problem of his pastorate has arisen during the night, when some of his flock have been converted. He is about to move away."

He scored with satire the members who "just love" their pastor and are effusive in their praise of his character, but who too often are "Sunday Christians." He said some people "do much to help the devil" by telling how they did things for him, by constantly repeating in a suggestive way: "We didn't do it that way back where I came from."

Rev. R. S. Walker of Hollywood declared that one of the chief obstacles in the church, but the most difficult one is the question of finances. I used to watch a lot of men hard at work and have a trouble keeping up and told them what to do had an easy job, but I discovered that the man who was a "holier" than the others, and he has a big job on his hands.

**FINDS MONEY EASY.**  
An old minister by the name of J. B. Gordon arose to talk and was called to the platform. He said he had been a preacher a long time and that he had never lost a dollar of his salary, though he gave his time to preaching the gospel of Christ and he got some applause and "amens" along with his sermons.

Last night Rev. A. M. Petty, D.D., field secretary, delivered an address on "The American Church and the Mission Society Facing the Future." The reviewing stand, in which he held of the condition of the work and what had been accomplished during the year.

Dr. J. Whitcomb Brougher followed with an address on "The American Church and the Mission Society Facing the Future." This morning there will be an election of officers and other business, and the convention will close with an address by George D. Knights on "Our College," being a review of the University of Redlands. The convention will adjourn at noon, and the meeting of the Women's Missionary Society will begin at 1:30 o'clock in the afternoon, closing with an evangelistic sermon this evening by Rev. George M. Leigh.

There is nothing in the world that cures coughs and colds as quickly as Chamberlain's Cough Remedy.

**Barber shop in the rear of our men's store—best in the city.**

Garments of better materials, better tailoring and better fit than any other suits or overcoats you have ever seen for \$15.00.

Suits in snappy, fashionable models, hand tailored of all materials—serges, tweeds, chevots, cassimeres, basket-weaves, in pencil stripes, tan, gray, blue and fancy mixtures. All sizes for builds.

OVERCOATS are also hand tailored of all wool materials, length and have convertible collars. Belted styles (some of the are detachable). Colors include the fashionable shades of gray, brown and fancy mixtures.

Men's Shirts at \$1.00. But Better Than Dollar Shirts.

Here's the shirt for You, Mr. Particular Man, in all the colors you planned to buy for Fall, and every one is made of sturdy "flannel" material, guaranteed not to fade—in any case they should, we gladly replace them with a new shirt free.

Neg, natty stripes and designs in madras and fine percale, plain or pleated bosoms. Cut full, carefully made and fit much better than the regular \$1.00 shirt. Have cuffs attached. Come in at once from 14 to 17.

\$5.00 and \$6.00 Velour Hats \$4.35. In the Fedors and Telescope styles; they are the Favorites this Fall for good reason, for when they are made up in the imported American Velours are so obviously GOOD.

Come in the popular bronze, Belgian, tan, brown and black and lined. A hat of fit, comfort, durability and style, at very moderate prices.

Men's "Pullman" Shoes \$3.50. A new shoe with just a touch of the English cut, very neat in appearance, without being extreme. It is sure to win great favor with the more conservative men of Los Angeles. Comes in either black or tan calf. Blucher style. (Main Floor)

Men's Famous Wear Benjamin Clothes. We have an attractive buy in a high-class lot in the Wilshire District. Only one-half block off Wilshire Boulevard.

WALTER G. McCARTY CO. 522-528 Union Oil Bldg. Main 5272. Home 5124.
